

# U.S. Space Force Rocket Fuel Tank Car

For 2022, LOTS honors the newest branch of the U.S. Military by offering a U.S. Space Force Rocket Fuel Tank car as the latest addition to our fleet of rolling stock. The new Space Force insignia's vibrant colors and distinctive graphics dramatically add to the appeal of this very special "limited edition" LOTS car.

The 2022 Tank car is a must-have addition to the model train inventory of all LOTS members, military, and all model train fans. This Standard O Scale Lionel-manufactured unibody

tank car is 11" long and features die-cast metal trucks with operating couplers, die-cast metal top platform, frame ends, metal handrails, ladders, and warning placards. It is designed to operate on O-31 or larger curves.
