

# Santa Fe Maxi-Stack Order Form

We are proud to announce the newest addition to our highly prized and sought after Santa Fe series of car offerings. As shown, the SF Warbonnet paint scheme created in 1937 by Electro-Motive Division stylist Leland Knickerbocker

has never looked more stunning than it does when applied to this Lionel Maxi-Stack car! The car is a **must-have** for all LOTS members, Santa Fe enthusiasts, and model train fans. Our **O-Gauge** car is **manufactured by Lionel**, measures 13 ¼" in length, features die-cast trucks with operating couplers, and operates on O-31 and larger curves. An extra truck (\$\$ value) is included with each car to make a "unit train." **Anticipated shipping date is January, 2024.** If you move after placing your order, please notify us of your new address sooner than later! A shipping notice will be sent ten days prior to the shipping date.
